For the Edinburgh Review and the "Penny Magazine".....	13.00

CLUBS.

A discount of twenty per cent. will be made to clubs of four or more persons. The names of the subscribers must be sent to one address (for £12.50, four copies of the Edinburgh Review and the "Penny Magazine" will be sent).

To clubs of ten or more, in addition to the above discount, a copy gratis will be added to the get-up of the club.

PREMIUMS.

New subscribers (applying early) for 1878 may have, without charge, the name of their club entered in the periodical which they may subscribe for.

Or instead, new subscribers to any of the five may have, at the end of the year, the name of the "Four Reviews" for 1877; subscribers to the Edinburgh Review may have the name of the Edinburgh Review for 1877; or one set of Blackwood's Magazine for 1877.

Neither premiums to subscribers nor the names of subscribers to the "Four Reviews" will be admitted direct to the publishers. No fee will be charged for either.

Everything passed off quietly until after the vessel had passed Erie, when sudden squall struck and rolled her over on her side, when she nearly filled with water, but continued to float. The crew, including the captain, were nearly all thrown ashore, leaving the woman in the cabin, as they supposed, drowned. The party landed at or near Portland, Chautauque County, N. Y., and made their way as they could back to Conneaut. Three days after the accident Capt. Wilkins, of the steamboat *William Peacock*, in coming from Detroit, was brought by Capt. Pease to board the wreck, if he saw it. He found it, and, after getting up the side of the cabin and convey it to Buffalo, N. Y., Capt. Wilkins discovered the disabled vessel drifting down the lake, and, after making along side, Capt. Wm. Henton, in that mate of the *Peacock*, boarded the

was two feet above it, and the second constant changes in her position when Capt. Wilson stopped she could hear the boarding party talk and walk on the deck, and although she used her voice to the utmost to attract attention she could not make them hear. She saw the police must into the cabin door by Capt. Henry and asked if she should hold on to it, but she was pulled out, but no answer came, the captain hearing no noise other than the splashing of the water, and having not the remotest idea that the woman was there, she died. This event occurred 10 years ago, and I have never heard of a small life cutter on the lake or other waters, and her salvation from drowning may be regarded as little less than a miracle.

The cost of Chicago municipal government last year was \$10,316,813, twice the amount required to govern the United States in 1810, when its population was only 7,000,000. Since Chicago contains only 400,000 all told, the comparison is somewhat at its disadvantage.

In a contribution to the Austrian *Monatsschrift*, *d. Orient*, Baron von Richthofen speaks the coal production of China at 3,000,000 tons annually. The anthracite fields of Shanai represent 1,000,000 tons, the luminous coal of that Province, 700,000; the Province of Hunan, 600,000; Shanai, 400,000; and Chili, 150,000.

BELLEVILLE, FRIDAY, JUNE 7.
PROTECTION TO FARMERS.

It might be said that if a protective tariff upon grain entering the States would lower the price here by the amount of the tariff, would not the Americans have to take the amount of the duty less for their grain shipped to Canada, if the Canadian government imposed a similar protective tariff? We say emphatically not, as the cases are not parallel, in the fact that our *export* has to go to the States to find a market whilst only a portion of the surplus of American grain finds a market here, and we have proof

to give an idea of the extent of their operations we may state that during the last six weeks, the firm have paid out through the Consolidated Bank, Belleville, no less a sum than \$168,706 for cattle purchased by them and shipped to Europe, and they have now en route from the Western States additional cargoes of cattle valued at \$40,000, for the same destination. It is evident this trade is only in its infancy, and it is a question well worthy of consideration by Canadian farmers, whether it would not pay to raise more cattle and fatten them for the English market.

Winnipeg, June 6.

The Saskatchewan River is exceedingly low, and there is no reason to expect rises as there was little snow in the Rocky Mountains. Emigrant agents last week.

The Hudson Bay Company's steamer *Northeast* is aground above Cumberland House. The new iron hull has not started yet. The cause of the stranding is so reported as a failure this season.

CATTLE SHIPMENT.—Seventeen carloads of cattle were shipped from Toronto on the Great Western Railway last week. Thirty-nine horses, valued at \$7,813, 1,283 calves, worth \$100,655, 1,283 calves, worth \$12,244 and 20 sheep, valued at \$190, were exported from Toronto last night, against 100 horses, valued at \$3,000, on cattle, &c., in May last year. The total exports for that port for May were \$341,108, against \$101,465 in May, 1877.

made, there will be sold for sale by
PUBLIC AUCTION
at the Court House, in the City of Belleville,
Saturday, 10th day of August,
A. D. 1878, at two o'clock, p.m.,
All and singular those certain parcels or
tracts of land and premises situate, lying and
being in the Township of Sidney and Thurlow
respectively, in the County of Hastings,
the Province of Ontario, which respectively
may be described as follows:
PARCEL I.
All that certain part or parcel of land
of the said Township of Sidney, lying composed
of lot number thirty-eight, in the eighth con-
cession of the said Township of Sidney, re-
serving thereout and therefrom that parcel
thereto said and conveyed to the Hon. John
Chesnoy and Francis, and the right of way
land granted to the Grand Junction Iron
Company.
This parcel lies close to the gravel road
between the said Township of Thurlow and
Belleville. On the North half are a Log
House and Frame Dwelling; a considerable
quantity of a valuable timber, consisting of
Beech, Maple and Oak, on the South half
are a Stone and a Fair Orchard.
Stone and Fair Orchard.
The whole is of an excellent loam soil. I
do not sell together, these half lots will
be sold off separately.
PARCEL II.
All that tract or parcel of land situate in
the said Township of Thurlow, and being
composed of lot number one, in the eighth con-
cession of the Township of Thurlow, and be-
ing conveyed to the Westway Iron and
Lumber Co., be the same more or less, together
with all the Mills, Buildings and Erectures
on the above granted premises, reserving
thereout and therefrom those portions, Methu-
en Church, also to W. T. Bird, John G. Bird,
and the said Westway Iron and Lumber Co.,
also the right of way granted to the Grand
Junction Iron Company.
This parcel lies on the Gravel Road to Ma-
lartic through the lake, which is situate 1
miles from the said Township of Belleville
and containing by valuable Beech, Maple
Pine and Cedar. On it is a never-failing
spring of water.
On the South half are a Stone Dwelling
House, a Stone Store and Dwelling con-
sisting of two stories, a Barn, and a Shed
connected; also a Frame Dwelling with Barn
and Sheds connected with the Farm. A Stone
Grout Mill touches on the lot.
These half lots will be offered in one parcel,
and if not then sold will be offered separately.
PARCEL III.
That portion of the south-west quarter of
lot number two, in said eighth concession of
Thurlow, purchased by A. H. Wallbridge
and conveyed to the said Township of Thurlow
with all the mills, buildings and erections
thereon, and the right of way granted to the
Grand Junction Iron Company.
This parcel is situate on the Gravel Road
from Belleville to Malartic about 10 miles
from Belleville. On it are a Stone House and
Farm.

TO THE PUBLIC.
The attention of the public has of late been repeatedly drawn to the fact that a merchant who is in a position to import direct has a decided advantage in offering Goods cheaper, even one who has to buy in a second and even third hands in Canada. A striking acknowledgment of this is seen in the anxiety of many to be considered importers who are not.
In this connection we again take the liberty of stating emphatically, that our Firm are the only Importers of a general stock of Dry Goods in this section of the Province. This is shown conclusively by the returns of the Customs House here, where all goods imported have been entered. Thus, of all the Dry Goods offered at Belleville this spring, two thirds were entered by us, while the remaining one-third is made up in great part of American goods for Belleville and surrounding country. Showing that all the direct importations of English and Foreign Goods came to our house, except a few packages, and these distributed among several dealers.
Our customers, besides obtaining a superior class of goods, profit by the saving thus effected on the original cost of their goods. This saving is very considerable on all kinds of goods, more especially on Fancy Goods, such as Millinery, Laces, Flowers, Feather, &c.
In furthering what to our customers as well as to ourselves, is secured by the strictly Cash system which we recently adopted, and continue to carry out.
The large quantity of Goods sold each season, and the continuous increase in our stock, testify unmistakably to the satisfaction given by Geo. Ritchie & Co.

BELLEVILLE, MONDAY, JUNE 10

TURCOTTE'S TREASONRY.

The Ottawa Free Press says, in extenuation
of the recovery of Mr. Turcotte, of
Three Rivers—

"Mr. Turcotte voted with confidence in the
late Government on four different occasions, and
in itself seemed a tacit admission that he
was not a traitor. He declared himself in favor
every day in Mr. Joly's political platform, and
could not now oppose the policy of the new
Ministry without the grossest inconsistency."

Coming where it does, this statement
would be considered unworthy of reply,
were it not that it has been repeated and
repeated, and has been used by the
independent newspapers, amongst which is the Montreal
Herald. The fact is as stated, that Mr.
Turcotte voted on four separate occasions
against the railway policy of the late
Boucherville Government after their dis-
missal; non-confidence in the Joly Government
without a trial; condemnation of the
action of the Lieutenant-Governor, and
again he was one of the majority who
refused to grant supplies to the Joly ad-
ministration, immediately following which
the House was prorogued. Then, following
in the prorogation, he published the
celebrated letter in which he thus clearly
defined the position which he had at that
time determined to occupy:—"I have never
authorized the statement made in the
press that I will support the Government."

"Government, I have never thought of
such a thing. I appeal to the electors as
a Conservative, and consequently I will
be opposed to the Joly Government."

On the strength of this declaration Mr.
Turcotte was elected, and subsequently,
doubtless being expressed, concerning his
fidelity to his party, Mr. Turcotte, at that
time, was proposed as the Speaker by the
leader of the Government, and that his
"vote was required to carry his election."
This statement he could not deny, and
he was also forced to admit that he had
written a letter for the purpose of being shown
to the Conservative members of the Legisla-
ture, protesting his unaltered hostility
to the Joly Government—"I, like many an-
other of those who passed too much, he
proved a Judas in the hour of trial. Add
to these indisputable facts the further un-
contradicted statement that Mr. Turcotte
at 10 a.m. on the 4th wrote to Mr. Joly
declining his nomination for the Speaker-
ship, and at 4 p.m. on the same day he was
elected Speaker on his own vote. If this
does not do away with the suggestion that
Mr. Turcotte has been consistent, and prove,
even to the most ardent of Grigs, that he
was a traitor and a deliberate falsifier—a
man whose name has been brought into
connection with the name which is highly discreditable to
the Government, then honor is but a name in
Canadian politics."

It is no matter for wonder to see the
Ottawa Free Press endeavoring to find ex-
cuses for political rascals. That journal
has trod the path of political treachery
itself and found profit in doing so, therefore it
has a strong fellow feeling for such men as
Turcotte, whose make it wondrous kind
wards them; but the "independent" jour-
nals such as the Montreal Herald, which
know all the facts, ought not to give cred-
ence to such statements without letting
the whole truth be known.

EST. HASTINGS.—We have it on good
authority that the Grigs are paring their
usual "tactics" in the House, and that
money is being freely used in the interest of
the Grig candidate, whose supporters are
"coming down handsomely." A favorite
article of purchase at present is
lamb, for which \$150 is paid. One
Col. Fletcher, at the time that the
Joly farmer is said to have sold at that
price to a Grig missionary, what another
and stout supporter of Mr. White,
after being vainly canvassed on behalf of
Mr. Aylsworth, was offered \$10 for a
lamb, but instead of fleeing the offer he
briber, indignantly ordered him off the
premises.

A Hano.—The Montreal Star gives the
following particulars of a noble rescue and
of the gallant exploits of a Montrealer who
richly deserves the medal of the Royal
Humane Society—"A boy ten years of
age, named Ryan, fell off the wharf into
the river opposite Molson's Brewery about
noon on Tuesday. John Jordan, boatman,
who is well known for his courage and
gallantry in saving lives, witnessed the oc-
currence from the top of the hill. Without
a moment's hesitation, he rushed down the
hill, and plunged in—daring and all. For-
tunately, he succeeded in reaching the lad
from a watery grave. Mr. John Jordan is
distinguished for the great number of
human lives he has saved from the waters
of the St. Lawrence. During the past
thirty years he has rescued from one to
eighty per annum, altogether about 60 or 70
souls. For saving the life of Louis Car-
penter, R.A., in 1859, he received a silver
medal from the Royal Humane Society of
London. Last summer, he rescued seven
Indians, who were nearly drowned by a
raft smacking against one of the piers of
the Victoria Bridge. For this noble deed he
never received anything, while others who
have saved a life or two have been awarded
gold medals. Such is the noble work
of the Royal Humane Society, and we gladly
give them credit for this distinction on the
notice of the Government for their recom-
mendation in the matter."

That Religious-Political "Wit-
ness" Again.

Saturday's (8th May) issue of that semi-
religious and wholly political sheet, known
as the Montreal Witness, contains the fol-
lowing item:

"With regard to Mr. McKeen's letter, we
also had to do with the editor of the
Intelligencer. The editor of the Witness has
declared that he will not publish any article
which is not signed by a responsible person.

Tardy and half-hearted though the jus-
tice be, we give the Witness's explanation,
accepting all the responsibility attached to
the articles written and published in the
Intelligencer relating to the tortuous
questions affecting the party to which it
lends its influence; and if we have been at
all successful in exposing its inconsistencies,
and proving from its own utterances that
it was of more than ordinary value to it
its professed principles, we are amply repaid
for our labor. What the Witness terms
our "stuntism" bears upon every issue
we do not doubt, with a view to the cor-
relation of the Witness and to the Grig-
Gruite party, rather than to principle.

SERVICES RECOGNIZED.—Sir A. T. Galt has
received the Grand Cross of the Order of St.
Michael and St. George in recognition of his
services in connection with the fishery arbi-
tration.

MR. EDWARD BLAKE.—A telegram from
South Bruce, of the 8th inst., says:—"A
meeting of the Reform Committee of South
Bruce was held at Riverside to-day, at
which it was decided to send Mr. Blake
as the party to the coming election. A
large delegation was appointed to meet
Mr. Blake on Tuesday next and urge on
the hon. gentleman the acceptance of the
nomination." The result will not be sur-
prised to learn that Mr. Blake will yield to
the gentle flattery of his Bruce friends.
Vanity is one of the great man's weak-
nesses, and personal pressure will if we
mistake not, cause a change of opinion
in his case, and induce him to believe
that his health is not so bad after all.

EXPORT OF FROGS.—The Montreal Jour-
nal of Commerce says:—"We recently
mentioned that frogs were being shipped
from Carlton Place to the New York mar-
ket. It appears quite a profitable trade is
being done in this line. The dealer in the
business, and his son, recently made a
trip down the Mississippi in a small boat,
and after an absence of four or five days
returned with 160 lbs. of frogs. Legs are
sold at 50 cents per lb., and are con-
sidered a good luxury."

ANOTHER RIDE IN MONTREAL.—A Mont-
real despatch says:—"Yesterday afternoon,
when the Montreal Grenadier Artillery,
under command of Col. Fraser, was being
inspected by the Deputy Adjutant-General,
Col. Fletcher, at 4 p.m. No. 1 Troop of
Cavalry, under Capt. De la Roche, of the
Champs de Mars, an encounter took
place between an Orangeman named Jamieson
and a Frenchman who were among the
run through the ranks, followed by Jamieson,
but they were both repulsed by the
soldiers. They then ran down to Craig-
street, where a general fight ensued, about
100 men being engaged in it. The police
attempted to disperse the mob, but being
unable to do so, Capt. De la Roche and his
troop were sent down to clear the street,
which they did in double quick time.
Jamieson was afterwards arrested, and will
be brought before the Police Magistrate to-
morrow."

A MONTREAL DEMONSTRATION.—A Mont-
real despatch to the Globe says:—"It is re-
ported that delegates have been sent to
New York by the Irish Catholic Union of
Montreal to invite the Ancient Order of Hibernians
from the States to attend a monster pic-
nic on the 11th of July. It is also stated
that the Irish Catholic Union Societies of
Quebec, Ottawa, and other places have been
invited to be present on the same day. If
these societies come to some great propo-
sition on that day, outstripping any other
celebration that may gather on the day follow-
ing. The True Witness states in regard to
the demonstration, that it is a simple affair,
and the sooner the authorities have been
re-assured the danger the better for all.

Interference of Officials in Elec-
tions.

The present Ministry availed themselves as
largely of the services of officials in elec-
tions, that it may be remembered now on
the anniversary of the election, that a
letter extract from the Provincial Statute of
Ontario, stating who may not vote and who
may not act as an election agent, and what
the consequences are which follow if they do
so. Under chap. 16, vol. 1, page 92, section
4, we are told:

WHO SHALL NOT VOTE?
The Justice and the Justices of the
Court of Appeal, the Chancellor and Vice-
Chancellor of Ontario, the Chief Justice and
Judges of the Court of Queen's Bench, the
Common Pleas, the County Judges, all
officers of the Customs of the Dominion of
Canada, all Clerks of the Peace, County At-
torneys, Clerks of the Court, Deputy Sheriffs,
Deputy Clerks of the Crown, and agents for
the sale of Crown Lands, all Postmasters in
cities and towns, and all officers employed
in the collection of any duties payable to Her
Majesty in the nature of duties of Excise,
shall be disqualified and incompetent to vote
at any election; and if any public officer or
agent mentioned in this section votes at any
such election, he shall thereby forfeit the sum
of two thousand dollars, and his vote at such
election shall be null and void. 23 Vic. chap.
16, section 2; 39 Vic. chap. 10, section 48.

"Sec. 102. No person who by the fourth
section of this Act is disqualified and incom-
petent to vote, shall act as agent or candi-
date at any election; and any person violat-
ing this enactment shall be subject to the
same penalty as if he had voted at the same
election. 26 Vic. chap. 2, sec. 2."

in the rule is that no morning dress shall cost
less than \$25, no evening dress more than
\$50, and no bonnet more than \$25. At
each quarterly meeting each lady must de-
clare that she wears neither a milliner nor a
dressmaker.

A reveler of the smallest calibre was
exhibited one day in Salt Lake City by a
trapper by a young man who had just brought
it from the East. Instead of being pleased
with the dainty little creature, the trapper
gave strong indications of disgust. "How do
you like it?" asked the young man. "Like
it! If I follow over with me that pistol
and I know it, I'd kick him, sure!"

RAILWAY STATISTICS.—A Blue Book
containing railway statistics for 1876-7, has
been published. The mileage of railway
opened on 30th June, 1877, was 5,674,1,
being an increase of 417 miles during the
year. Of that mileage there are 80
miles of double track. The average of the
total mileage are as follows: 5 feet 6 inches,
620 miles; 4 feet 8 inches, 4,362 miles;
3 feet 6 inches, 672 miles; total 5,674,1.
Mileage with iron rails, 177,783; 1876,
2,758. Mileage with steel rails, 1877,
2,765-17; 1876, 2,737. The number of
passengers carried was 6,073,232 against
5,644,814 in 1876, being an increase of
428,418 passengers. The tonnage of freight
carried was 6,850,796 tons. The tonnage of
freight during the year ended 30th June, 1878,
was 6,331,757, the increase amounting
therefore to 528,034 tons. There was an
increase over last year of 55,679 tons. The
increase per ton of freight in the Grand

ern Railway, 43,162; Intercolonial,
79,131. The per centage of the expenses
to the cargo was \$81.59 per cent in 1876-7,
1876-77 against \$81.63 per cent in 1875-76.
The total bonded debt of the different
companies is \$70,076,382.44, so that the
amount of the working would pay a
dividend of \$4.32 per cent upon the bond-
ed debt, as against \$4.67 per cent of the
previous year. Number of passengers
killed, 111; injured, 317, or one killed to
1,216,646 carried, and one injured to
every 537,402 carried.

One million of the California salmon
have been taken to Australia and New Zealand,
under the auspices of the United States
Fish Commission. These eggs were
sent only for the purpose of being hatched
there, with a view to the introduction of
the fish into those countries. The eggs were
sent, with the exception of the expenses
of shipping and packing, and the British
Government has officially expressed its
thanks.

Bismarck on Free Trade.

Prison Bismarck, the great Chancellor of
Germany, said in a recent speech:—"I
have given Free Trade a trial, and it
does not seem to have benefited the country.
I have given it a trial, and it does not seem
to have benefited the country. I have given

Cultivation of Celery.

The excellent and healthy vegetable, so
familiar to the residents of cities and the
larger villages, is far too little known to
farmers, who possess peculiar facilities for
raising it cheaply and abundantly.In the more Northern States, where the
seasons are short, celery seed should be
sown in hot-beds, or where a little artificial
heat can be given, in the latter part of
the city and further south the plants can be
sown in the open ground, and the seedlings
if the seeds are sown in a warm, rich,
and well-protected bed in the garden. Celery
seeds are quite tender, and germinate slowly,
and the plants are rather delicate young.A considerable quantity, however, re-
quires to be present from the time of sowing
with weeds. But when the plants are a
week old and become well established they
will bear as much rough usage as any garden
vegetable. The seed-bed should be made
very rich, with plenty of thoroughly de-
composed stable manure, if old and worn
little or no exhuming material need be em-
ployed; but in all cases the surface of the
bed must be finely pulverized, and no stones or hard lumps left to impede
the growth of the plants. The seed may be scattered thin over the bed, and
faced and raked in, or sown in drills and
slightly covered with fine earth. The latter
method is the best, and gives the plants
a better opportunity to work among the plants,
in order to keep the soil light and cut out
weeds as they grow. In the latter method,
it is well to give the bed a good sprinkling,
and the watering should be frequently repeated,
providing sufficient rain does not fall, to in-
sure germination of the seed and a vigor-
ous growth of the plants. When the latter
three or four inches high, the leaves should
either be cut off or the plants lifted and
set out in a new bed. Either operation
will cause them to grow more stocky and
produce a large number of roots. Market-
gardeners, who raise large numbers of
plants for their own use and for sale, pre-
fer the cutting off of the tops, in preference
to transplanting; but with the amateur
gardeners the latter process will generally
be the better plan, as it affords an oppor-
tunity of thinning out the plants and giv-
ing each plenty of room in the new bed for
rapid growth during the time it remains in
this position. Of course, a portion of the
leaves should be pinched off at the time of
transplanting from the seed-bed, and a most
rainy day should be selected for the
operation.The time for planting out celery varies,
according to latitude; but it is im-
possible here to give a definite rule for use
before the autumn, for the bleaching is at-
tempted in hot weather the stems will de-
velop the plants too early, and the result
of late June until the first of August is
about the limit of the season for planting
in the Middle States. In the latter part of
the season it is well to have the plants ready
for setting out by the middle of June.The preparation of the soil consists in
working it deeply, and, if it is not rich, in
making it so by liberal applications of man-
ure. Soil can scarcely be too rich for celery,
and the farmer should be careful to select
the best for the purpose. In the latter part

They are not well at all. Even though

the friends will at all times be much

Professor Tufnell's work will have found

but a small field for its influence in the

of these backwaters. Every kind of

of serviceable art, except that the Ameri-

can has found his way to the backwoods,

and found it in the hands of the people

of America. There is no accounting

for the success of the book, and it is

its irrepressible age. It is (which makes

BELLEVILLE, THURSDAY, JUNE 13.

"Return" Humburg in Quebec.

Mr. Joly's Government in the Province of Quebec proved itself to be just as good a humbug as that which, under Mr. Mowat, holds sway for the time being in Ontario. Their ally, the Lieutenant-Governor, gave as one of the causes for getting his friends into office, that the DeLoraine Government were involving the Province deeply in debt; but the first result of his "return" to office was an addition of \$300,000 more to the burden of the tax-payers, incurred by the holding of the general election and an extra session of the Legislature. The Ministers announced a small reduction of the tax, but there was no guarantee that, had they succeeded in firmly establishing themselves in office, they would not re-establish them at an even higher rate than before. In doing so, they would merely follow the footsteps of their friends in the Ontario and Dominion Cabinets, the former of whom increased their own salaries, doubled the sessional indemnity to members (at the same time adding six to their number), and ran up the salaries and expenses in all the departments, whilst the latter gave themselves very generously an additional \$1,000 per annum, and for a time added one more member to the Cabinet. The result of the election, namely the abolition of the Legislative Council. This is an even more transparent piece of humbug than either of the other two above mentioned. The branch of the Legislature in question cannot be abolished, except by the vote of two-thirds of its members, and as that vote is not at all likely to be obtained, Mr. Joly who knows the fact thoroughly well, of course did so merely in order to take credit for his good intentions of abolishing a sitting. At the same time, he and his supporters in the press will denounce the Conservatives, of whom the Legislative Council is mainly composed, for refusing to second his efforts to secure economy. A Grit is a Grit, no matter by what name he may be called. *See to him!*

THE QUEBEC LEGISLATURE.

The debate on Mr. Langevin's amendment Wednesday, when the Government were sustained on a division by the vote of the Speaker, Mr. Price voting with them, in violation of his promise. Mr. Wurbel then moved in amendment to the amendment of Mr. Wurbel:—"That all the words after 'that' in the amendment be struck out, and the following substituted: 'This House is prepared to consider and support all measures constitutionally introduced in this House calculated to promote the prosperity of the Province.'"

An agreement was subsequently come to, that the vote should be taken to-day after not more than two hours' debate.

STIRRED BILL.—Sensational reports as to Sitting Bull's movements continue to come in from the United States, but a party of Mounted Police from Fort McLeod report that the Sioux chief is remaining quietly at Holy River.

NEW BREWERY ELECTIONS.—A St. John dispatch of the 11th says: "The election for the Assembly of the Province of New Brunswick, held yesterday in Victoria and Gloucester counties. In Victoria W. H. Beveridge was elected, defeating G. H. Sugrin. In Gloucester P. G. Ryan and F. J. McNamara were returned and J. Seawright defeated."

HAIRY-ARMED MONSTER.—"A most remarkable monster of the forest on the line of O. & N. R., near Lac Seul. The conductor of the train for Montreal reports that for some ten minutes the hair descended in great quantities, impeding the train in several places and obstructing the track generally. The hair stones cracked some of the windows of the car, and our informant thinks the storm must have done considerable damage to the crops. Some of the hairstones were as large as pigeon eggs."

SCOTCH.—A telegram from Glasgow on the 11th says: "Last night about 10 o'clock Thomas Braden, aged 30 years, a painter by trade, and himself in the head with a revolver at his own side, went to a public-house, in the presence of his wife. The land entered near the right temple and came out at the corner of the left eye. Disposition is supposed to have caused him to commit the rash act. He was enabled for a space of hours after firing the ball, but gradually sank into delirium until half past seven o'clock this morning, when he died. An inquest will be held this afternoon."

LEWIS.—The Finance Minister has what is popularly called a "hard road to travel" in London, and our advice from that constituency indicate that his position, money and property influence will hardly save him from defeat at the approaching election. The meeting held throughout the county have proved so unfavorable to Mr. Cartwright that he has lost his temper on several occasions and in consequence out of a very plausible figure. He is Mr. McLeod, and Mr. H. Ross, of Glasgow, the latter of whom was formerly a supporter of Mr. Cartwright, have delivered addresses with excellent effect, and the prospects of Mr. Hooper, the Conservative candidate, are of the most encouraging character.

The Excursion to Kingston.

The excursion of the people and officers of the 12th and 13th regiments to Kingston on the 12th inst., will be remembered by those who participated in it as one of the most pleasant trips they ever enjoyed. The steamer *Hawthorn* had been engaged for the occasion, and sharp at 10 o'clock she steamed up to her wharf here, with the excursionists on board, having gone to the wharf of the 12th and 13th regiments. The *Hawthorn* was taken on time, and as the wind and weather were favorable made a most successful trip. The party, although numbered about three hundred, and though not of the most select of the regulars, which probably the *Hawthorn* ever carried, it was one of the liveliest and happiest. All the officials of the Institute, from the Principal down to the power to contribute to the enjoyment of the day. After landing at Kingston, the *Hawthorn* was taken over to the wharf of the 12th and 13th regiments, and the party, under the guidance of the gentlemanly quartermaster, inspected the school, the gymnasium, and the Military College, a new and very fine building soon of completion. After spending three quarters of an hour in inspection, an Army strong was embarked upon a small steamer, a number of shots fired, which formed a very interesting feature in this part of the program. The excursion to Kingston, the party were met at the wharf by a number of prominent citizens, and escorted to the Street Car, which was waiting to convey them to the Penitentiary. The work of embarkation was speedily accomplished, and in a short time the Penitentiary was reached. Here the party was received by the Warden, Mr. Greville, and other officials, who escorted them through the grounds and into the work-shops and other portions of the prison. After making this inspection the Warden conducted the party to the Penitentiary, where they were met by the warden, who immediately opposite the prison, and which were most beautifully and artistically laid out.

Dreadful Fatality in Amolaburg.

GEORGE H. SPRUNG'S HOUSE DESTROYED.

TWO CHILDREN BURNED TO DEATH!

A TRAGEDY NEARLY SUPPLANTED.

A terrible catastrophe, resulting in the loss of the lives of two children and the narrow escape of a third from death by suffocation from smoke, occurred in the Township of Amolaburg last night. At about 10 o'clock fire broke out in the kitchen in rear of the residence of Mr. George H. Sprung, in the Township of Amolaburg, about 10 miles north of Belleville, and in a few minutes a number of the neighbors gathered for the purpose of rendering assistance. The fire, however, seemed that the flames were left open, and the flames having meanwhile made rapid headway, the denizens which were generated was then carried up directly into the sleeping apartment, where there lay in sleep Mr. Sprung's eldest daughter, aged 12, an adopted son, aged about 9, and a younger child. Besides all were in trying to fight the flames and save the effects, it is probable that for some persons means the danger of the smothering children was not thought of, but so partially successful, was made to form at the younger of the three children spoken of was rescued, when almost suffocated by smoke, but the two eldest became victims to the flames, Mr. Sprung being severely hurt, it is stated, in his efforts to save them. The fire pursued its course unchecked, and completely destroyed the house, which was of only partially standing, and we are informed.

The cause of the fire is unknown, but it is supposed to have originated from a defective stove, and other articles, and furniture, between \$3,000 and \$4,000. Insured in the Bay of Quinte and Prince Edward Companies for \$1,000.

This catastrophe is one of the most terrible that ever happened in Amolaburg, and universal sympathy is felt with Mr. and Mrs. Sprung in their terrible bereavement and serious loss.

The Quebec Riots.

Troops Sent for from Montreal and Halifax.

Quebec, June 12.—Quebec, June 12.—The troops and Police were sent after 4 o'clock ordered to the Parliament buildings, and while there Capt. Heigham regiment two of the riflemen outside, had them arrested and sent direct to goal. The city and water police will remain on duty during the night, and B battery under orders in the city. The cavalry and 8th battalion are now on duty at the Penitentiary. Large numbers of householders were seen in this evening as special constables to assist in keeping the peace. Three battalions are expected here to-morrow morning from Montreal.

In addition to the three regiments from Montreal one from Halifax is to arrive here in the morning. The rioters threaten to prevent them landing here. At a mass meeting of strikers held at 730 St. Roch's street, the release of a riotous prisoner, they agreed to meet at 7:30 to-morrow evening at Jacques Cartier Hall.

Several hundred rioters assembled at the goal this evening at 9 o'clock, and demanded the release of a riotous prisoner. They threatened to break down the goal, but did not do so.

Montreal, June 10.—The following regiments will take leave at 9:45 p.m. for Quebec:—Victoria Rifles, Prince of Wales Rifles, and 8th Battalion. Immense crowds saw them off.

From Quebec.

ALL QUIET THIS MORNING.

The Military Reinforced.

SEVERAL RINGLEADERS ARRESTED.

Inquest on the Sloop Riots.

Quebec, June 13.—Things were quiet this morning. Six hundred volunteers arrived from Montreal and quartered at the Citadel, and were treated very hospitably by men of B battery. Arrangements are now being made to prevent the gathering of a mob in any part of the city, and it is hoped no further disturbance will take place. The police have made several arrests this morning without much difficulty or resistance.

LATER.

The strike has the appearance this morning of terminating quietly, on account of the presence of so large a force of military in town. The Montreal troops, consisting of the Prince of Wales Rifles, Victoria, and the 8th Battalion, arrived safely by special train about 8 o'clock, and immediately proceeded to the city. The different regiments have been relieved by each other ever since placed on duty at the Citadel and Parliament House.

The mob met at Jacques Cartier Hall about 8 p.m., and were addressed by one of their leaders, but refused to follow him by any numbers, and most of them dispersed quietly.

THE EASTERN QUESTION.

MIDNIGHT DESPATCHES.

LONDON, June 12.—The preparations for the meeting of the Congress are complete, all the plenipotentiaries, with the exception of the Turkish, who were delayed by a storm, having arrived at Berlin. At the first meeting of the Congress, the Turkish plenipotentiary will be accompanied by the Ottoman Ambassador at Berlin.

The meeting of the Congress will be in all likelihood held on alternate days, each sitting occupying about three hours. The first session taken in hand will be the consideration of the amount of money to be allocated relative to the deliberations, the military position at Constantinople, and the advice of admitting representatives of Greece to the Conference.

It is not thought that the Porte will offer any opposition to the deliberation of Roumania, Servia, or Montenegro independence, while it would even consent to a Montenegrin extension of territory according to the plan suggested by the Montenegrin plenipotentiary. All his efforts will be concentrated on the other hand in endeavoring to prevent Russian acquisition of territory in Northern Bulgaria.

A Vienna despatch says:—The mobilization of Austrian troops is at present confined to those in Slovenia and South Dalmatia, where two divisions have been placed on a war footing, and to Transylvania.

It is reported from Antwerp that Austria has proposed a compromise according to which Montenegro would have the use but not complete possession of the Port of Antwerp.

A Constantinople despatch says:—There are 25,000 Russian troops sick with typhoid fever and similar diseases in the neighborhood of the city.

The Globe says two American steamers have arrived at Constantinople with arms, ammunition and warlike stores for Russia.

Daily Intelligencer.

Belleville, Friday, June 14.

City and Vicinity.

YACHT CLUB—A meeting of the Bay of Quinte Yacht Club will be held at Hamby's at 8 o'clock this evening.

PERSONAL—Mr. Malcolm, of Oswego, is in town. He comes for the purpose of putting in a tender for the dredging which is to be done on the bay and at Belleville.

THE GROUND—The Mayor is prepared to receive tenders until noon on Tuesday for the use of the Agricultural Grounds and Buildings on Dominion Day, for the erection of booths and supply of refreshments.

POLICE MATTER—The police have not had much to do of late, the city having been more than usually empty. Last night there was but one arrest made, and only one tramp occupied a bed in the cells.

QUOTING—There were no competitors from Belleville in the match for the championship, which opened yesterday. There were twenty-five players, and the first draw only was played off. The games are 61 points each.

"THE LANCE"—This clever little comic paper has been in circulation with a capital cartoon—representing the Ministers taking their holidays. The *Lance* is now published at Oshawa. Long may it continue to cut sharply into Irish corruption, extravagance and false pretences.

GOOD ADVICE—If every one would cut this out and paste it in their hats, it would save the consumers a deal of trouble:— "Don't jump on a train of cars when it is in motion; don't jump off a train of cars when it is in motion; don't wait until the last minute before starting for your train."

THESE RULES are simple enough, but their observance would do away with countless accidents.

MOONLIGHT EXCURSION—The moonlight excursion of the 15th Battalion band took place last night. The weather being very favorable, the attendance was large and the trip very pleasant. At about 11 o'clock the steamer *Prince Edward* returned to her wharf, the excursionists being well pleased with their trip and with the performances of the brass and string bands, which were very good indeed.

"BUILT NO OUTRANERS"—This is the advice of Mr. Malcolm, of Oswego, who built one of these craft last winter. His experience is that for speed, nothing can equal the double hull vessel, but that there is no comfort on board, it being extremely wet in a seaway, and no cabin can be placed on the craft, which is in no way except as a racing machine. Besides other objections, the catamaran is expensive, costing upwards of \$400.

CANADA SCHOOL JOURNAL—The June issue of this valuable educational publication, which completes the second volume, has been received. It contains a portrait and biographical sketch of Daniel Wilson, Esq., LL.D., and a number of practical articles of interest and value to teachers and educationalists generally, amongst which is the third of a series of short papers on Penmanship in Public Schools, by W. B. Robinson of the Ontario Business College, Belleville.

The *School Journal* is ably conducted, it fills usefully an important field, is carefully edited, and we are glad to know has proved successful. Published monthly by Adam Miller & Co., Toronto, at \$1 per year.

CLARK vs. ROBERTS—In the Court of Chancery, Toronto, on the 13th, Appeal from report of Master at Belleville. Baines, Q. C. Moss and Cassels for the appeal. Hon. Attorney General and G. D. Dickson for the defence. The appeal is upon the question of the refusal of the Master to insert the special findings in his report as set out in the affidavits. The appeal is in the name of Clark vs. Dickson. Hon. Attorney General objects to the question of the admissibility of this evidence as argued. By consent of all parties the cause is referred back to the Master generally and particularly to enquire whether or not the report in *Rutherford vs. Robert* was or was not to be taken as an appeal. There is to be a sale of the lands of question forthwith. Costs reserved until further directions.

LOAD DUFFIN'S RULE IN CANADA—We understand that the great national work entitled "Canada under the Administration Lord Dufferin," from the pen of George Stewart, Jr., is in a far advanced stage of publication. The book, which will contain all of the masterly and terse speeches of the eminent Peer who guides the destinies of the Dominion, will be published very shortly and in a manner unsurpassed hitherto by any publishing house in Canada. A good canvasser should secure many subscribers in this district for this important work, as the book is destined to enjoy an unprecedented large sale among the people of Canada in our community. Applicants should apply early for an agency, and address, Messrs. Bell & Bell Publishing Co., Toronto.

CHIEFS AS FOLLOWS:—

Extensive reports from the Secretary of the New York War Department in relation to the question of admitting Chinese as soldiers in that country. He has so far succeeded in his attempts, which have been seconded by Senators Cleveland and Sherman, that a Government agent is soon to be sent to investigate the matter. Governor Seymour believes that if this measure should succeed in the United States army it would eventually be adopted by European armies also, and thus furnish a new and large field to be supplied by this important branch of our farming industry.

METHOD CHURCH OF CANADA—The following ministers of the London Conference of the Methodist Church of Canada, who formerly were stationed in or near Belleville, or who have friends among our readers, are stationed as follows for this year: Rev. W. W. Ross, Centenary Church, Hamilton, and by permission of the Conference is allowed to act as agent for the Upper Canada Bible Society; Rev. Chas. R. Morris, Kelvin; Rev. George Brown, Haverhill; Rev. G. R. Sander, D. D., London; Rev. Fred. H. Sander, London; Rev. D. L. Breston, Aylmer; Rev. Richard Eason, Point Edward; Rev. Thos. Cobb, Petrolia; Rev. Charles Lee, Palmerston; Rev. John Sanderson, Yorkville; Rev. John Sanderson, Luther; Rev. James Preston, Guelph; Rev. Robt. Fowler, M. D., Clinton.

County Court and General Sessions.

THURSDAY, JUNE 13. PAINTER vs. LATTIMER et al.—Action on promissory note. Verdict for defendant. Costs for plaintiff. Hon. L. Wallbridge for defendant.

QUEEN vs. MURPHY et al.—The prisoner was charged with misdemeanor in fraudulently obtaining \$200 appropriated by the City to No. 2 Fire Company. The evidence was similar to that given in the Police Court, and the trial resulted in his acquittal.

POLICE COURT. (Before A. Diamond P. M.) FRIDAY, JUNE 14. DUNK. Catherine McLaughlin, evidently an "old stager," was sent to goal for thirty days.

To the Editor of the Daily Intelligencer.

Dear Sir,—I cannot help thinking that our Aldermen have made a great mistake in their programme and proceedings for our national and civic celebration. I think that the fact of a charge of forty cents being imposed on each member of a poor man's family to see the sights and scenes, does not redound to the credit of our city fathers. The programme is not calculated for its noble character of reference to our noble national game—which is the more striking, as I believe it is the intention of both our city clubs to play with clubs from a distance on that day—and that too, when I know the attention of our Aldermen was called to that fact.

While jumping, throwing of heavy and light stones can be witnessed by a few hundreds at the most, lacrosse match can be witnessed, appreciated and enjoyed by all present. Again, sir, does not the whole programme seem like that of the games of a Calsonian Society?

Is it yet too late for our Aldermen to correct and redeem their reputation?

Yours, &c., ALFRED BELLEVILLE, JUNE 13.

To the Editor of the Intelligencer.

Sir,—In reading over the programme of the games for Dominion Day, any one would naturally suppose that the celebration would be all Scotchness, from the fact that many of the games will be interesting to no one else (with all due respect to them).

For one does not expect any of the games on the list—there is particularly "Best Dressed Highlander," "Highland Fling in costume, &c." The next will be a prize for a Highlander on his head in some particular costume.

Now, sir, I want some of these prizes taken away, and a prize for wrestling, to catch anyone above the belt; and a prize for boxing with gloves, the noblest of the sports inserted instead; and I will undertake to get the number of entries for each game.

Yours, &c., ALFRED BELLEVILLE, JUNE 14, 1878.

To the Editor of the Intelligencer.

Sir,—In reading the programme of the games, as published in the INTELLIGENCER last night, which is to be offered to the public on Dominion Day, I am somewhat struck with the national character of a number of them. Surely, the Committee who have this matter in hand have made a blunder. As a Canadian, I think they should have given a prize for a lacrosse match or for a game of base ball or some other Canadian game; and at the same time they could have introduced two or three English or Irish games or past-times. I hope the matter will be reconsidered and the programme revised, so that all can enter heartily into the celebration of our national holiday and the inauguration of our new into a city.

The prices charged for admission to the grounds, owing to the hard times, I think are excessive, and should be reduced so as to come within the reach of all.

Yours truly, A. CANAMIAN, BELLEVILLE, JUNE 14, 1878.

WEAT CHANGES IN 80 YEARS A TIME!—At the last Paris Exhibition among the exalted personages who visited the French capital, where the Emperor of Russia, the Emperor of Prussia, the Emperor of Austria, Prince Humbert, the Viceroy of Egypt, and the Sultan of Turkey. It is remarkable to think what a change has taken place in the world, although only eleven years have passed away. The Emperor Napoleon and the Sultan are dead, the King of Rome, the Emperor of Germany, and Count Bismarck as Prince and Prince Humbert is the present King of Italy.

POPULATION OF GREAT BRITAIN AND IRELAND—The Registrar-General of Great Britain states that the population of that Kingdom, which was 26,000,000 in the year 1871, at the present time is 27,221,912; of Ireland at 5,513,400, an increase of 97,500, which last number appears very large indeed. The total population of Great Britain is stated at 33,941,096, or 487,000 more than in the corresponding period of last year.

THE EASTERN QUESTION.

MIDNIGHT DESPATCHES.

LONDON, June 13.—A correspondent at Vienna says: The Turkish have informed the Russians that they cannot surrender Shumla in the face of the present popular feeling at Constantinople. The excuse is apparently well founded.

The first sitting of the Congress only lasted an hour and a half. Earl Beaconsfield spoke in English, and Black replied in the same tongue.

There were 150 people present tonight at the banquet in honor of the plenipotentiaries, including a large number of German Princes and Princesses and all the members of the Congress, except Goltz and Bismarck.

The Turkish plenipotentiaries have arrived at Berlin.

A Berlin despatch says:—Monday's sitting of the Congress will be the most important. The first subject of discussion will be the limits of Bulgaria.

The London correspondent of the Manchester Guardian says:—Those persons who are believing that Earl Beaconsfield is preparing a great surprise will not be disappointed. The control of the reforms in Asia Minor and the maintenance of the freedom of Constantinople will be undertaken by Great Britain, while European Turkey will be left to the control of the states whose special interests are there. To satisfy Austria and adjust the question of the indemnity will be the chief difficulty of the Congress.

Earl Beaconsfield's demands will involve even more than the foregoing outline, but they have already received the support of Germany, France, and to some extent of Austria and Italy. Should Austria's special demands be satisfactorily met, Earl Beaconsfield will play a leading part in a dealing power. As, however, his diplomatic policy will be a clear departure from the doctrine of non-intervention he will probably make that the justification for the dissolution of Parliament.

CHIEF ARTHUR ON THE COMMUNISTS.

WASHINGTON SPECIALS.

Gen. Sherman Makes a Statement.

MISCELLANEOUS.

SILVER CITY, Idaho, June 14.—Thus far the whites have been treated by the Indians including Mr. Reynolds, late assessor of Baker County, Oregon.

CLEVELAND, Ohio, June 14.—Chief Arthur, of the Locomotive Brotherhood, has just returned from an extended tour by the Indian north-west, and says a letter feeling between the Brotherhood and railroad officials never existed. He denies that railroad men have any communistic sympathies.

NEW YORK, June 14.—Washington special.

The Tribune says the internal revenue receipts for the present year will be \$10,000,000 less than the estimate, entirely the result of litigation in Congress over the reduction of the tax on whiskey and tobacco.

The *World* says that (Clove's) Committee have come upon what it declares to be a forced treasury balance of \$10,000,000, brought about by an alleged false entry on June 13th, 1863, and connected with what was claimed to have been a false entry and forgery, was a secret issue of nineteen million compound interest notes out of the revenue and not counted for anywhere. The theory of the Committee is that this was to cover up old deficits.

NEW YORK, June 14.—Two men claiming to be Americans have been arrested in Mexico on a charge of being implicated with a gang which have been passing spurious \$50 bills on German emigrants.

ALGERIA, June 14.—The oldest dry goods merchants in New York, died yesterday aged 70 years.

John R. Murray, proprietor of the Harrington House, New York, N. Y., has failed; liabilities, \$4,000.

James H. Grant returned from Europe yesterday. He told a reporter his father would return to the United States next year.

The Directors of the Erie Railroad yesterday unanimously adopted a resolution to construct a steel rail from Waverly to Jersey City, English bond and stockholders having telegraphed that arrangements for securing the necessary money had been made.

Dr. Wm. Fernbach died yesterday from an overdose of belladonna taken for neuralgia. A very remarkable affair, as the doctor was yesterday a man of robust health.

He declared that Hayes, although a mild-mannered gentleman, would be found to possess the strength of an elephant if it was needed. In so doing he would have the support of the army. This sentiment drew forth a burst of applause from veterans as well as young graduates.

AFTERNOON DISPATCHES.

LONDON, June 14.—A large meeting of the weavers at Blackburn, unanimously resolved to resume work at 10 per cent reduction. A strike of the employed at various mills throughout East Lancashire will be held on Monday, to ascertain the general feeling.

The *Telegraph* will print to-day the full text of the agreement between Great Britain and Russia on the 6th of May, confirming in detail the terms of the agreement published last night.

NEW YORK, June 13.—Mr. Bryant's funeral was held at All Souls Unitarian church this morning. The service was crowded. Dr. Williams delivered a touching eulogy. In obedience to many earnest requests, floral designs were placed about the coffin.

To-day the Burgrave rendered decision on a motion for the further continuance of the *Vanderbilt* will case. He said, "I am of the

Daily Intelligence.

REBELVILLE, SATURDAY, JUNE 15.

City and Vicinity.

Arrived.—The Allan steamer *Circus* passed Fox River inwards at 6 o'clock this morning.

CITY COUNCIL.—A special meeting of the City Council will be held on Monday evening, for the dispatch of general business.

ALBERT UNIVERSITY.—The Baccalaureate Service before Albert University will be delivered to-morrow at 11 o'clock at the M. E. Church, by Rev. Dr. Jacques.

EXCURSION.—The ladies of the Presbyterian Church in Kingston on Thursday next, 20th inst. See the advertisement for particulars.

ALUMNI LECTURE.—The annual lecture of the Alumni Society of Albert University will be delivered in the College Chapel on Monday evening, June 17th. Lecture by Rev. Dr. Lane M. A. Lecture free.

THE FORTY-NINTH.—Capt. Crozier's company of the 49th had a march-out last night, and although the men have been drilled but a short time they made a very creditable appearance.

If you are restless and cannot sleep, take SAMPSON'S JAMAICA GINGER.

CITY COUNCIL.—The Council will convene its session on Tuesday at 2 p.m. The session will be an important one, as the evaluation is annually made, the appropriations passed, and the rate struck at the June session.

THE MARKET.—The attendance in the butter market was very large this morning, and the number of buyers on the market square was not so great as usual. Still, there was a full supply that caused prices to fall for most articles as during the week.

THE COMING TWELFTH.—The Picnic Committee says: "The Orangemen of Prince Edward County will celebrate the 12th of July, in Picton, this year. Invitations have been extended to the Napanee, and the best inland, Mill Point, and Belleville brethren, and it is expected that they will put in an appearance on that day."

ANNUAL DRILL.—The 10th Battalion will commence their annual drill, which will this year be performed at Battalion headquarters, in the Army, on Monday evening. Drills to be held three times per week until the allotted time has been put in on Monday, Wednesday and Friday evenings.

EXCURSION TO KINGSTON.—The excursion to Kingston on Monday, under the auspices of the Oddfellows' band ought to attract a large attendance, as the fare is low, and excursionists are given the option of compensating the whole journey or remaining at Foster or Stone Mills. Full particulars can be learned from the advertisement.

YACHT RACE.—On Thursday next the great yacht race between *Katie Gray*, of Belleville, and the *Surprise*, of Trenton, for \$200 a side, will be sailed over the Big Bay course. The competing craft are considered to be very closely matched in point of speed, and an exciting race, it is expected. A great deal of interest is felt in yachting circles over the event.

KINGSTON REGATTA.—The prizes offered in the Kingston regatta on Dominion Day are very liberal, being as follows: Second class—\$65 to first, \$30 to second, and \$10 to third. Third class—\$25 to first, \$10 to second, and \$5 to third. The rules as to ballast are the same as are in vogue here. Entries are to be made on the Saturday evening previous to the race to Mr. H. L. Farnell, Secretary.

DANGEROUS COUNTERFEIT.—The Montreal Star says: "A dangerous counterfeit one dollar Dominion Bill is in circulation and against it people should be warned. It bears the registered number 401,317 in the back, which is a dollar given than in the genuine, is very much blurred in appearance. The face is also blurred, especially in the vignette of Jacques Cartier in the left-hand corner, and the length of the bill is about three-eighths of an inch less than the real one. The word *Bank* is surrounded the entire figure is also imperfect."

DEAF AND DUMB PUPILS' EXHIBITION AT KINGSTON.—An exhibition was given by some of the pupils of the Deaf and Dumb Institution at Kingston on the evening of the 13th inst., under the management of the Principal, Dr. Palmer. The hall was crowded, and the exhibition gave great satisfaction. The *New*, after a description of the proceedings, concludes as follows: "After the entertainment was over, Dr. H. L. Farnell moved to the front of the hall, and, supported by the Mayor, who was unanimously carried. We think the citizens of Kingston owe the debt of gratitude to Dr. Palmer for the treat he af-

forded them in a novel and interesting manner, and we are sure that any in Kingston who are so unfortunate as to be deaf and dumb will be sent to the Belleville Institution, to the pupils."

"A CELEBRATED CASE."—The "Celebrated Case" company will appear in the Opera House on Tuesday and Wednesday evenings. The program is particularly so advertised in future notice and news bills.

PERSONAL.—Mr. J. J. Mackay, of Montreal, visited the Institution for the Deaf and Dumb yesterday. He has shown his interest in this cause by creating and furnishing for their benefit a fine building in Montreal for the Protestant Deaf Mutes, costing over \$60,000. It is called the Mackay Institution for Protestant Deaf Mutes.

ALBERT COLLEGE.—The exercises in connection with the close of the term are rapidly drawing near. To-morrow morning the baccalaureate sermon will be preached in the M. E. Tabernacle by President Jacques, D. D. The annual Convocation will take place at 4 p.m. in the College Chapel. On Monday evening at 8 o'clock the annual address before the Alumni Society will be delivered by Rev. B. Lane, in the same place. On Tuesday the Baccalaureate will meet in the same place on the same evening the Convocation of the College Chapel. The University Convocation will be held in the City Hall on Wednesday at 2 p.m.

WEEKLY CRUISE.—At the meeting of the Yacht Club last night, it was determined to carry into effect the suggestion that weekly cruises of the fleet should be held during the season. The fleet will leave the harbor at 2 o'clock every Friday afternoon and remain in a body under the direction of the Commodore for the remainder of the day. All members of the Club are invited to take the weekly sail as one of the yachts as they may prefer, and in order to prevent appointment, those who wish are unable to take part in any particular cruise will strike their flag at noon of that day, so that such yachts only are to join in the run will have their colors flying. These are excellent regulations, and we have no doubt that the weekly cruise will add to the membership of the Club and further popularize the sport of yachting.

COUNTY COURT AND GENERAL SESSIONS.

FRIDAY, June 14.

The Grand Jury made the following report:

That in accordance with your Honor's instructions we have carefully enquired into and examined the indictment laid before us. We have examined the (and) find each department very neat and clean, the prisoners well exposed, and the treatment of the prisoners received from the officers of the jail.

We would remark that the ventilation of the Court room might be much improved, and also that an addition to the wash basin would be of great advantage, as the one now in use is evidently too small. We would also recommend that the door of Ward No. 1 be repaired, which can be done at a small cost.

In taking our leave we would respectfully express our thanks to your Honor and to the County Attorney for assistance and counsel. All of which is respectfully submitted.

ROBT. H. BRADLEY, Foreman.

Grand Jury, 1878.

His Honor replied briefly to the address, and relieved the Jury from further attendance at Court.

In the case of *Palmer v. Lattimore*, a verdict was rendered for the plaintiff for \$306.82.

FENNELL v. BELLEVILLE & NORTH HAVEN RAILWAY COMPANY.—Action on promise. Case adjourned until Monday. Claims for pay, Douglas & Fennell for debt.

CHAMBERLAIN v. MILES.—Action on promise. Verdict for the plaintiff for \$100.24. R. C. Cote for defendant.

MOORE & ROBINSON.—Action for trespass. G. D. Robinson for plaintiff; J. H. Blacker for defendant.

The Toronto Conference.

The Conference assembled on Friday at 9 a.m. From the Educational Committee's report the names of the following young men were submitted to Conference, and accepted by the same as having permission to attend College during the ensuing year:—Victoria College, Undergraduates to Arts: R. W. Burns, J. M. Wilkinson, W. J. Barkwell, T. M. Campbell, J. Boddy, Elias Battel, Louis W. Hill, Edward D. Lewis, W. A. Strongman.

Undergraduates in Theology—Andrew Stewart, George W. Hewitt, R. A. Stewart, Albert Smith, Walter W. Lloyd.

Montreal Theological College—Thomas H. Orme, John E. Allen, John Liddy.

Invitations were received from the official Board of the Fort Hope and Belleville quarterly meetings, asking the Conference to hold its next annual meeting at those places. Fort Hope was selected; and on motion, the cordial thanks of the Conference were tendered to be forwarded to the Belleville Official Board for their kind invitation—an invitation which will probably be accepted on some early future occasion.

In the evening a meeting for the reception of the young men having permission to attend to the Ministry was held in the Richmond street church.

After singing and prayer the names of the young men about to be admitted into full connection with the Conference were read.

Toronto—Geo. C. Workman, M. A., Frank H. Wallace, B. D. (already ordained).

Drummond—Henry Thomas.

Whitby—Wm. H. Ensay.

Whitby—Thos. L. Ward.

Belleville—Foster MacCommod, Thos. B. Wilson.

Picton—Sidney J. Shorey.

Peterborough—Wm. T. Dyre.

Bradford—Thos. Manning, B. A., Geo. Walker.

Barrie—Robert O. Wilkinson, Frank C. Keen.

Wallerston—Wm. T. Hols.

After singing and prayer, Rev. Mr. Ryerson came forward and moved, "That the young men whose names have been read be received into full connection by the Conference, and ordained to the office and to the work of the Christian Ministry."

The venerable mover of the resolution supported it with an able speech, as did also Mr. Dr. Palmer. The second motion, which was carried by a rising vote. After an address to the young men by Rev. Dr. Ryerson, the meeting adjourned.

THE EASTERN QUESTION.
MIDNIGHT DESPATCHES.

LONDON, June 14.—The London *Globe* publishes what purports to be the text of an agreement between England and Russia, signed on the 30th of May last, and providing mutual concessions by the hitherto opposing Powers. Among the concessions upon the subject of the other is the withdrawal of the Russian army from the province of Roumania and the annexation of Bessarabia, the abolition of the land of indemnity in Rumania, and other minor points, the greater part of which will be settled by the Congress.

It is noticeable that when questioned as to the authenticity of this instrument, Mr. Staff Northcote neither denied nor acknowledged it; and this fact, taken in conjunction with the expected early return of Lord Beaconsfield to London, is looked upon as signifying that the point of difference between England and Russia are by no means so far from settlement as those between Austria and Russia.

It is believed that Earl Beaconsfield will on Monday move the admission of Greece to the Congress, but that this will be opposed by the other plenipotentiaries in a body.

THE HANLAN-MORRIS RACE.—A telegraphic dispatch from London says: "Fifty-three Toronto men arrived by express at midnight. Both Hanlan and Morris are said to be in excellent form, and taking their regular every day life in the presence of numerous spectators. The latest betting is quoted at \$100 to \$200 on Hanlan, but though the Toronto crowd brought some three hundred thousand dollars with them, they express a determination to take it home again rather than give any such odds."

THE FISHERIES INDENTURE.—The Washington House of Representatives yesterday rejected, after a heated debate, a motion to pass the Fisheries Indenture Bill, the requisite two-thirds majority vote having been obtained. Additional correspondence relative to the appointment of M. Delfosse as third Fisheries Commissioner was laid before the Senate. It contains, among other documents, a letter from Delfosse stating that he accepted the office at the express request of the British and United States Governments, and that the objections to his appointment raised by the United States some years ago were absolutely unfounded in his previous to their publication two months ago.

CITY COUNCIL.

The special meeting of the City Council called last night, for the dispatch of general business, was not held, there not being present a quorum at 8 o'clock, as required by the rules.

There were present His Worship the Mayor, and Aldermen Price, Hamby, Holden, Brennan, Whitely, Goss, W. J. Diamond, Lingham and Patterson.

Ald. Hamby, and subsequently Ald. Brennan, withdrew, saying it was now after 8 o'clock, and the meeting could not legally be held, and Aldermen Melnich, Sherwood and Jellat came in a few minutes later.

The Mayor thought it unfortunate that members should loiter on their way and be late in attending the meetings, as there was important business to transact, which was performed in his view, to the detriment of the interests of the city.

Ald. Patterson drew up a requisition for a special meeting at 8:30, which he and some other members signed.

After a constant had been despatched for absent members, and none found, Ald. Holden said he would endeavor to bring back the members who had left the chamber.

After a few minutes Ald. Holden returned, and the Mayor said he would call the meeting to order.

Ald. Holden said he had pledged his word to these gentlemen who returned that the meeting for business would not be held, this evening.

Ald. Patterson thought that as a measure which was to have been brought up, was now withdrawn, the reluctance of members to transact business, he asked Ald. W. J. Diamond to postpone the City By-law, in order that the important business which should be transacted might be carried on.

Ald. W. J. Diamond objected, under the circumstances, to do so, as the gentlemen who seemed to be under Ald. Holden's thumb ought to be sent in the afternoon or he responsible for their action.

Ald. Holden said he would be under the thumb of any one.

Ald. W. J. Diamond wished to go on with the business, as the Preamble By-law was an important measure, and some members were present.

Ald. Holden held that a meeting would be illegal now, besides he had pledged his word to the gentlemen who had returned with him that the meeting would simply be one of the general committee of the Council.

Ald. W. J. Diamond proposed to go on with the general business of the Council.

Ald. Patterson said that, Ald. Holden having given the pledge which he had, he would withdraw his name from the requisition.

The Mayor again expressed his regret at members coming late, although he could not call a special meeting unless on a requisition signed by eleven members.

The matter then dropped.

Ald. Robertson, Doyle, Foster, St. Charles and Proctor subsequently came in at intervals later in the evening.

Ald. Holden moved, seconded by Ald. Brennan, that the meeting be formed into a Committee for the purpose of considering matters connected with the celebration.

Ald. Jellat asked whether it was illegal, as well as going on with a meeting of the Council?

The Mayor said the same rules did not apply to the Committee as governed the Council.

A communication was read from Rev. E. J. Badgley inviting the Mayor and Council to be present at the Convocation of Albert University.

From J. P. McMillan, Guelph, asking the Council to grant a donation to assist in the building of a new hall for the Guelph General from the various municipalities previous to his departure for Europe.

Ald. Goss asked had a requisition been presented to the meeting concerning the game.

The Clerk said he had a petition, which he then read, requesting an alteration of the programme of games, as being too strongly Canadian in its character, and that provision be made for a game of Lacrosse. The petition is signed by a large number of leading inhabitants and others.

Ald. Falkner said he had been absent from the city, and had not seen the petition on the subject in the press. He supposed that the petition would be referred to the Committee on Games, which would give it due consideration.

Ald. W. J. Diamond wished the matter disposed of to night. It was unfortunate that the Committee on Games had not submitted their report to the Council.

There was a strong and wide-spread feeling on the subject of which Ald. Falkner, having been absent from town, was probably not aware.

The Mayor said some game had been suggested to him, which, if presented to the Council, would be added to the list of games.

Ald. W. J. Diamond moved that a prize be given for a game of Lacrosse between the local clubs.

Ald. Falkner held that it was impossible to suit every one, although the Committee were ready to consider any suggestions. He had consulted with the officers of the Belleville Lacrosse Club, who had looked at the ground and said it was too small. He thought that satisfaction would be given by the Committee if the matter was left to them.

Ald. Goss wished each of the citizens present as wished to speak, to be heard on the question.

Ald. W. J. Diamond hoped that nothing would be added to the amount of prize.

Ald. Melnich said there had been an oversight about the lacrosse, although the ground was not suitable. A prize could, however, be given for lacrosse, and the game played on the cricket ground during the forenoon.

Ald. Price thought the prize set down for lacrosse should be given for lacrosse.

Ald. Falkner denied that the lacrosse club had been lighted.

Ald. W. J. Diamond said he had previously suggested to Ald. Falkner the dropping of some of the Scotch games from the list and the substitution of base-ball and lacrosse, but Ald. Falkner said it was impossible.

The Scotch residents of the city being perhaps the strongest in condemning the strongly Canadian nature of the games, some alterations in the programme should be made.

Ald. Falkner deprecated the bringing up of the question of nationality. No blame was laid by the Scotch people at the door of the City Council.

The City Council was thoroughly agreeable, and had been produced the programme, which had been accepted by Ald. Farley.

The Mayor said he would call the meeting to order, and the Council adjourned.

BELLEVILLE, TUESDAY, JUNE 18.

City and Vicinity.

ENGLISH MAIL.—An English mail was distributed here this morning.

ARRIVED OUT.—The steamship *Scandinavian* arrived out to-day.

DOGS.—The number of dogs registered up to noon to-day was 63.

MARKING.—The schooner *Scout* has arrived from Oswego.

THE CELLS.—There were no prisoners arrested last night, and no tramps lodged in the cells.

NOR COMING.—The celebrated *Cass* Company will not put in an appearance to-night, having departed in Toronto.

R. O. FRODO.—A considerable number of persons left here to-day to attend the R. O. picnic at Trenton.

NEW LAW FIRM.—Messrs. T. Holden and P. J. M. Anderson have formed a partnership for the general practice of law. We wish the new firm success.

CLOSE OF TERM.—The term closes in the Institution for the Deaf and Dumb close to-morrow. The pupils will leave for home at 4 o'clock a.m., in charge of the Principal and teachers.

BAPT BAPT.—The Corporation will at once send a band stand on the hospital lot for the convenience of the musicians who perform there. Col. B. F. Baker generously gives the necessary lumber.

THE CONVOCATION.—Dr. Hodgins, Deputy Minister of Education for Ontario, will be present at the Convocation of Albert University to-morrow.

SALE OF LANDS.—The County Treasurer's adjourned sale of lands for taxes commenced yesterday afternoon and ended this morning. All the lands offered were sold, and the prices realized were rather above the usual figures.

SUPPER DEATH.—We are informed that Mrs. Thomas Lytle, of Gordon, died suddenly on Sunday night. Her husband went out for a short time to a neighbor's, and on his return found her lying dead near the door of the house. The cause of death has not yet been ascertained.

ALBERT UNIVERSITY.—The Convocation of Alexandra College will be held in the College Chapel at 8 o'clock this evening. At 3 p.m. to-morrow the Convocation of Albert University will take place in the City Hall. The gathering will not be of the least interest, as usual.

THE 10th BATTALION.—The annual drill of this battalion was commenced last night when the regiment had a march out. There was a larger muster than had taken place previously this year, and the battalion presented a very creditable appearance, and attracted much admiration as headed by their fine band, discoursing excellent music they marched along several of the principal streets. Drill will be continued on Monday, Wednesday and Friday evenings, and will be closed about the 15th inst.

THE "ALEXANDRIA" SINKING.—The *Brooklyn Recorder* states that the side wheel steamer *Alexandria* was seized there on Friday afternoon on the receipt of a telegram from the Customs authorities at Prescott. It appears that the Captain had left Ogdensburg during the forenoon, and upon calling at Prescott in his report to a man named Buckley, who, it seems, had no authority to take it. The Customs authorities accordingly telegraphed to Brockville, and upon arrival of the boat at the dock she was seized by officer Simpson. A bond for \$400 was given and she was allowed to depart. We understand this is the third time she has not with the same treatment, once before Ogdensburg, once at Prescott and the last time on Friday.

IF YOU are restless and cannot sleep, take SANDER'S JAMAICA GINGER.

STANDS ON SUFFRAGE BALLET.—The *New York Forest and Stream*, which is now the leading reading authority in America, says:—"As long as sand-bags can be piled up to windward, ad libitum, the yacht boats will continue to be very interesting, when considered in the light of mere betting or gaming events, and serve the ends of excitement and physical exercise, but they cannot be considered as a development of all elements of true sportsmanship and competition in scientific design." These remarks are forcible and to the point, and hence it is that in Canada all leading yachting organizations favor the shifting of ballast in craft of more than 10 tons measure.

MIDNIGHT DESPATCHES.

LONDON, June 17.—The second session of the British Association of the Eastern Question, and lasted from two o'clock until midnight.

EXHIBITION.—Yesterday afternoon an exhibition of the system of instruction for the deaf and dumb was given in the City Hall before the pupils of the Institution, and those of the senior divisions of the Public Schools, who, to the number of upwards of five hundred, filled the hall.

The exhibition, which consisted of an example of the capabilities of the pupils of the Institution in arithmetic, teaching by object lessons, the language of signs (a recitation in which was pleasingly given), an exhibition of proficiency in the study of history, &c., was of the most satisfactory character throughout, and gave great delight to the youthful audience. It also showed that the system pursued in the Ontario Institution is excellent, and that it is thoroughly carried out by a highly competent staff of instructors. Such exhibitions are calculated to be of great benefit to those who witness as well as those who take part in them.

EXTENSION OF BUSINESS.—The *St. John* (N. B.) Morning Freeman of a recent date says:—"St. John has had a number of new business houses located in its vicinity, and among them is that of Messrs. H. Corby & Sons, distillers, and in four corners, natural, &c. They are located in Mr. D. Patton's building, on Dock street. The first and second floors are reserved for the accommodation of the grain; the third floor is used for a bonded warehouse, and the lower story of breads, wines, gin, &c. The works represented by the firm are situated at Belleville, Ontario. In connection with their manufacturing, the firm also act as agents for Vermilion, Macaroni, &c., in accordance with numerous invitations from French manufacturers. Messrs. Corby & Sons are also to act as agents for Malaga wine, Schiedau, Holland; they also export a large quantity of business in the grocery line. We wish the new concern every success."

PERSONAL.—The following we copy from the *Livestock*, Oct. 14th, June 1878. Mr. Robinson has purchased the book business of Mr. Van Norman and has lately moved to the premises formerly occupied by Hooper & Son. "We are glad to learn that our former townsman, Mr. Albert Robinson, has purchased a large stock and commercial business in Belleville. Mr. Robinson's success in his new enterprise, thus remains a doubt, as he is one of those who carry the element of it with him in whatever he undertakes. He is personally known to be kind and shrewd in business and punctual to fulfill his engagements and obligations. To these useful qualities, and a rather more than ordinary of the business of the place, may be mainly attributable his financial success in *Livestock*. About thirteen years ago, Mr. Robinson began business here in the book and stationery line, at a time when the population was something over six hundred, but, by steady application, in a few years had an extensive and profitable business. We can only wish Mr. Robinson that success in future which has attended him in the past."

CATTLE FOR ENGLAND.—A Chicago paper says:—"To-day J. Langham (of Belleville) will start for London, to exhibit a number of cattle of a quality as good, probably, as that of any other shipment of his number ever sent from Chicago. The most noteworthy cattle of the lot were five steers, the gross weight of which was 10,130 lbs. Two thousand and ten pounds on one frame makes a very fair sized steer, and when the weight is added more shape and even fattening, but little more can be asked. These steers should average \$6.00 per 100 lbs. here."

BELLEVILLE, WEDNESDAY, JUNE 19, 1878.

THE CIVIC DEMONSTRATION.

The demonstration, which is to take place in Belleville on Dominion Day, in honor of the incorporation of the municipality as a City, promises to be one of the grandest, most imposing and most successful events of the kind which has ever taken place in the Bay district, as a glance at the programme, which appears in our advertising columns, will indicate. This programme, it is to be seen, is complete in its nature, and the arrangements are such that every person who visits Belleville on the day in question, without extraordinary exertion, witnesses all that is to take place. This feature, which has been generally overlooked in other places which have also prepared liberal programmes, but the nature of the amusements provided for in which are so diversified and take place in so many different localities that no person who is ever so active, can see more than a small portion of what is to be seen.

The arrangements here may be concisely stated as follows: At 10 o'clock in the forenoon a grand procession will be formed at the City Hall, and after a march through the principal streets of the city will proceed to the Agricultural Grounds, where and are situated on Bridge Street West, and are easy of access. This procession will be composed of the 10th and 40th Battalions, about 500 drummers, including visiting companies from Watertown and Coburg, the tradesmen of the city, representing the different branches of industry in full operation, and citizens in carriages. There is every reason to expect that this procession will be a grand and imposing spectacle, as its members will doubtless be very great, and several bands of music will accompany the parade, the fine bands of the 10th Battalion and the Ogdensville, as well as the famous City Band of Watertown, the playing of which has been so much admired here on different occasions. Refreshments will be procured on the grounds at a very moderate rate, it being stipulated by the Committee that not more than 25 cents shall be charged for dinner.

In the afternoon, commencing at 1 o'clock, the extensive programme of games and athletic sports which is detailed in the advertisement, will be proceeded with, under the direction of Mr. Hugh McKinnon, Chief of the City Police, who is himself the champion athlete of America. Mr. McKinnon will not be a competitor for any of the prizes, but to add to the interest of the occasion he will exhibit his skill and power in some of the feats of strength and skill. Competent judges from a distance will render their decisions in the various competitions, in which Mr. McKinnon has already succeeded in securing the entry of the best skilled and most noted athletes of the continent, including Messrs. E. W. Johnson, A. C. Reid, Geo. W. Johnson, George Mathewson, Hamilton, Messrs. Morrison and Edward Brady, of Toronto. These are all athletes of first-class ability, whose reputation stands without a stain. They have absolutely promised to be here, and as their competition will be the keenest description, such feats in leaping, putting the stone, hammer throwing, &c., will result from their meeting as has seldom or never before been witnessed in America or elsewhere. In addition to the names named, there will be a large additional entry of professional athletes from a distance, and doubtless many local men will also test their skill and strength. Thus the success of this part of the programme is well assured as anything yet in the future can possibly be.

At the conclusion of the games, a civic banquet will take place at the Dufresne House, at which speeches will be made by a number of the Mayors and heads of municipalities throughout the Province, a large number of whom have been invited, and many of whom will attend.

At 8 o'clock a grand torchlight procession will be formed at the City Hall, and will proceed through the principal streets thence to the Agricultural Grounds, where Prof. Hand, of Hamilton, is to give a brilliant display of fireworks, such as has never been witnessed here before. Prof. Hand is well known as the most skilled pyrotechnist in Canada, and as he has promised his personal attendance here, no failure in any part of his programme need be feared. The programme for the day of the celebration will be furnished shortly, when it will be seen that the display will be one worth going many miles to see.

It may also be stated that the city will be gayly decorated on the occasion, arched being decorated at various points, while the citizens have undertaken to decorate their residences handsomely and a general illumination will take place at night. Altogether, the spectacle will be one of the brightest and most attractive nature.

The facilities afforded to visitors by railroads and steamboat companies are very liberal in their nature. The Grand Trunk and branch lines will issue tickets at single fare for the double journey, whilst at single excursions will be run from Oswego, Watertown, Pictou, Napanee and intermediate ports, as well as from Trenton.

We fully anticipate that these unusual facilities will be largely taken advantage of, that Belleville will, on the day of her civic celebration be visited by many thousands not only from the region of which it is the commercial center, but from places lying far beyond our usual avenues of trade. All will be heartily welcome, and will find abundant reason for their creature comfort, not only at the Agricultural grounds, but at the many

fine hotels which are well known throughout the Province. There can be no danger of overcrowding, and we hope to see such a large number of visitors from all parts of the Dominion Day, in order that the occasion may be worthily honored, as its importance deserves.

COUNTY COUNCIL.

SHIRE HALL, Belleville June 19th, 1878.

PETITION.
A petition was presented by Philip Clapp and others, asking that \$1,000 be granted to the County Road leading west and north of Madoc village. Referred to the Committee on Roads and Bridges.

A petition was presented from Hugh M. Keane and others, asking that the County Surveyor be instructed to open the County road between Madoc and Huntington (interior).

A petition was presented from the Trustees of No. 10 School in Huntington, asking that the County grant them \$700 on Delinquent. Referred to the Committee on Ways and Means.

A petition was presented by David Williams and others asking that the County appropriate \$40 to aid in cutting down the hill between Rawdon and Seymour. Referred to Committee on Ways and Means.

A petition was presented from J. C. Hanley and others, asking that the County road established in the 1st concession, Tyndalene be repaired. Referred.

A petition was presented from Daniel Carney and others, asking that the County road between Murray and Sidney be opened to its proper width. Referred.

A petition was presented by Joseph Elliott and others asking that \$200 be granted to the road from Trent to Bygonia. Referred.

A petition was presented by James Phillips and others, asking that the County road through the 1st concession of Thurlow be graded. Referred.

A petition was presented asking that the County road from St. George to Markham be repaired. Referred.

A petition was presented asking aid to certain roads in East Humberston. Referred.

A petition was presented by Van Vance and others asking that the road between Kivier and Kalar. Referred.

A petition was presented asking \$400 to repair the road near Chisholm's Mills. Referred.

REPORTS.
The Inspectors of Schools reported. Reports received.

Mr. Armstrong moved, seconded by Mr. Ems that the thanks of the County be tendered to the inspectors for their elaborate and able reports and for the interest they take in their duties. Carried.

Mr. Pearce wished the reports printed.

Mr. Cross said if they were printed he would like them printed in the Madoc paper.

Mr. White thought it would be equally reasonable to have them printed by the Mill Point Echo.

Mr. Ashley thought the papers would publish a synopsis of the reports.

Mr. Francis wished the reports printed.

Mr. White said in favor of having the report printed in full.

Mr. Kavanagh moved, seconded by Mr. Grant, that the reports of the Inspectors be printed in the INTELLIGENCER and Ontario at the usual price. Carried.

Mr. Curry moved, seconded by Mr. Van Kleef, that the report of the Inspector of North Hastings be printed in the Madoc Review at the usual price. Carried.

Mr. White moved, seconded by Mr. Curry, that the report of the Inspector of South Hastings be printed in the Trenton and Mill papers at a price not to exceed \$10 each. Carried.

The Warden read the Auditors report. Received.

NOTICE OF MOTION.
Mr. White gave notice that he would tomorrow move the expenditure of certain sums on County roads.

Mr. Cook gave notice that he would tomorrow introduce a By-law to establish a road between the 7th and 8th concessions Rawdon.

Mr. Flint gave notice of a By-law to search for material for County highways.

Mr. Pearce, to equalize the assessment, and for the assumption of a road in Marmora as a County road.

Mr. Murphy, for the assumption of a road between Huntington and Tyndalene.

Mr. Cross moved, seconded by Mr. Grant, that the Treasurer be ordered to furnish a statement of the arrears due by each municipality. Carried.

Council adjourned till 10 o'clock Wednesday morning.

SECOND DAY.
The Council met at 10 o'clock, June 19.

The minutes of yesterday's session were read and approved.

Mr. Grant explained that he had intended to report against the printing of the School Inspectors' reports in any but the Belleville papers, considering that sufficient publicity would thereby be given.

PETITION.
From W. J. Gill, County Constable, to be furnished with a pair of handcuffs for County use. Referred.

From James Barnes and others for a grant of \$500 on the road from St. George to Markham. Referred to Committee on Roads.

From Messrs. Thompson and others, for a grant of \$200 on the second concession road in Huntington, east of lot 26—referred to Committee on Roads.

From Wm. W. Traill and others for the opening of a road in Huntington to intersect the Napanee Road—Referred to Committee on Roads.

NOTICE.
The General Road Commission, that up to June 1st, the sum of \$8,411.54 had been expended on gravel roads. From the 1st to the 10th, as notified by the County Engineer, \$745 had been expended. After considering all requirements they find that not less than \$11,600 will be required to provide such a road as the gravel roads, which provision they recommend should be made, as the roads had been badly effected by the unusual nature of the winter and spring. It is also recommended that the following roads be paved under the superintendence of Mr. Vanhook: From Royville to Madoc Village, via Marmora; from Madoc to Hagger's Corner; from Thompsonburg to the Madoc and Bridge water roads; from Frankfort to Chisholm's Rapids; from Marysville to Lonsdale; via Marmora; and from Corby's mill northward to the Madoc and Stirling roads.

The report was adopted unanimously.

A special report was read from Hon. Mr. Flint, Chairman of the same Committee, detailing an examination of the roads, and recommending that the portion of road in Murray be kept up jointly by Hastings and Northumberland, or an effort made to have that portion of Murray through which the road runs annexed to Sidney, as also that the Belleville and North Hastings Railway Company be requested to grade and gravel the road made by them at Hog Lake, in lieu of the old road. The report concludes with an expression of satisfaction with the care and ability of Messrs. Vanhook and Francis in the respective offices.

On motion of Mr. Armstrong, seconded by Mr. Curry, the report was read and ordered to be printed and placed on the minutes.

Mr. Francis objected, that the amount proposed on the road between Trenton and Frankfort is too small.

The Warden said the report had been adopted, and Mr. Francis could hereafter move for its reconsideration.

The report of the County Surveyor was read and referred to Committee on Roads.

BY-LAW.
Mr. Pearce introduced a By-law for the adoption of a certain road in Marmora and Rawdon.

Mr. Murphy introduced a By-law to assume the road of the old Humberston road.

Hon. Mr. Flint introduced a By-law to search for materials for County roads.

The above were read a first time.

MOTION.
Mr. Francis moved, seconded by Mr. Lee, that all the petitions for roads be referred to a special Committee consisting of Messrs. Pearce, White, Guster, Cross, Ems, Armstrong, Craig, Ashley, and the mover, and report to-morrow.

Mr. White objected to the appointment of this Committee, as the subject should be considered by the whole Council, whilst the members of the Committee live on the gravel roads and do not know the requirements of the other sections.

Mr. Peck thought it would be a saving of time to appoint the Committee.

Mr. Gordon was opposed to the motion.

Mr. Francis said his object was solely to facilitate business that he had made his motion. All members could express their opinion when the report came up.

Mr. White moved in amendment, seconded by Mr. Gordon, that the following appropriation be made on County Roads: The five northern townships \$300 each; Madoc to Allan Settlement \$300; Hastings to Quinsboro \$200; Rawdon to Quinsboro \$150; County Roads in Marmora \$300; on boundary line from Marmora to Madoc \$400; County Roads in Elzevir \$400; Bogatz to Bridgeport \$100; Madoc to Trenton \$200; St. George to Chapman's Corners \$100; Thompsonburg to intersect Bridgeport road \$350; Markham to Chisholm's \$200; boundary between Huntington and Tyndalene \$100; leading roads in Thurlow \$500; leading roads of Huntington \$300; Stirling to Seymour \$200; Rawdon Town Hall to gravel road in Huntington \$500; Chisholm's Rapids bridge to Trenton \$100; Trenton to bridge line between Murray and Sidney \$200, provided interested parties give an equal amount; to each of the four incorporated villages \$100; Marysville to Lonsdale, and in vicinity of the hill and settlement, \$300; Lonsdale to boundary line of Huntington \$400; Dale's Corners to Jones Settlement \$300; on boundary line between Tyndalene and Richmond \$250, provided other interested parties give a like sum; J. B. Russell's to Allan's Mills \$100.

Mr. Peck could not see how this was an amendment.

The Warden could not see that this would do away with the petitions put in, and it would be better to have the motions considered on their merits.

Mr. White considered that he could move his motion as an amendment, by moving that all after the word "that" in the original motion be omitted.

Mr. Cross thought this motion ought to come after the report of the Committee, and Mr. Pearce wished that Mr. White's motion should be withdrawn for the present, until it was determined how much money was to be expended on the roads.

The Warden ruled Mr. White's amendment out of order.

The names of Messrs. Vanhook, Gordon, Cooke and Kavanagh were added to the Committee, and the motion for its appointment was carried.

Mr. White then moved the motion above given.

Mr. Cross moved in amendment, seconded by Mr. Armstrong, that no money be granted on County roads outside of gravel roads this year.

Mr. Cross wished more information as to what amount was to be expended—whether they could afford to expend the \$8,000 proposed.

Mr. White said if he recalled in Thurlow or Sidney he would support Mr. Cross's motion, as they had all the roads needed, which were built by money borrowed a number of years ago, and for which other townspeople were paying shares. There was not a dollar they could expend in Thurlow, as their every road and bridge, very nearly, had been adopted by the County. Two long bridges in Sidney cost more than all the other bridges in the county, and in Tyndalene last year the township had to pay \$200 for bridges. They had given \$80,000 to build the bridge in Sidney, and yet the other townships were to pay their proportion of these money, and badly needed roads on their roads. The scheme which he proposed was to have a committee to select roads to be adopted, and concluded by expressing the belief that it would be to the general advantage of the County, if a considerable sum were appropriated to Tyndalene, it was but justice, as they saw a number of the county taxes, and he wished justice and was prepared to pay his share.

Mr. Pearce moved, seconded by Mr. Kavanagh, that the motion be referred to the Committee on Roads and Bridges.

Mr. Pearce withdrew his amendment.

Mr. Cross's amendment was put and carried.

Mr. Pearce moved that Messrs. Ems, Cross, Peck, Armstrong and the mover be a special Committee, which would visit the roads on estimation, and report to-morrow. Carried.

Mr. Armstrong gave notice of a By-law to amend By-law No. 71 and repeal By-law No. 32.

Mr. Armstrong gave notice of a By-law to amend the bridge over Hall's Creek as a County road.

Council adjourned till 10 a. m. on Thursday.

Mr. Armstrong gave notice of a By-law to amend By-law No. 71 and repeal By-law No. 32.

A WISH FULFILLED.

The wish so beautifully expressed by William O'Brien in the following words, was long ago fulfilled by his death on the 10th of June last.

It is a great pleasure to the public, and a great honor to the press, to be able to publish the obituary notice of a man who has been so long and so faithfully a contributor to the press.

BELLVILLE, TUESDAY, JUNE 25.
ENGLAND'S TRIUMPH.

Whatever the result of the Berlin Congress may be—whether a peaceful settlement of the questions at issue in relation to Eastern affairs be arrived at, or whether a general war shall follow a failure to reach a peaceful settlement—nothing stands out clear, namely, the triumph of the moral force of Great Britain over the hostile arms of Russia. Without the firing of a gun, or the sacrifice of even one human life, although flanked with conquest and naturally proud of dominion as one of the first military powers of the time, has been compelled to do that which she is not used to do, namely, submit the terms of the compensation for losses and sacrifices in the war with Turkey to the arbitration of Europe. This great victory—for it is a victory of the most delicate character—has been won by the steady determination of England, by her determination that right should be done, and by her preparation to sustain her moral power by her vast physical resources. It has been brought about by one man—Benjamin Disraeli, Earl Beaconsfield. Having resolved upon his course, he pursued it with a determination which nothing could shake, and with so much energy which nothing could shake. Assailed from without by the noisy and un-English faction who act with Mr. Gladstone, that great but mistaken statesman; assailed by the halting Garibaldi and the timid Derby, the aged but far-sighted Premier pursued, the even tenor of his way, backed by the vast majority of the people, and the result has been that the national will of England has been asserted, and that the right has triumphed.

Greater honors have not been conferred by any man than have fallen to the lot of Earl Beaconsfield. The scene of a race against which there is a deep pride, he overcame all obstacles and finally, after a brilliant career, he has, by the mere force of his talents, secured the place of first Minister of the greatest empire in the world and has assumed a position amongst the proudest aristocrats of Europe as one of themselves—his peer in rank, whilst far surpassing any of them in influence. Earl Beaconsfield, as shown by the immense consideration shown for him in Berlin, is now looked upon as perhaps the foremost statesman in Europe, not even excepting the iron-willed Bismarck, who has hitherto been considered that position by common consent, and his countrymen have come to regard him as the greatest Englishman since the time of Pitt. Should diplomatic negotiations result, as we have every reason to believe they will, in an equitable and satisfactory settlement of the Eastern question, a triumph will have been won for England which will increase her influence to an extent even greater than it has entered upon, and even emerged victorious from a great war.

Fortunate it is that the Government was not in the hands of Mr. Gladstone and his associates, who have sacrificed all our interests in the East and made of the Black Sea Russian lake. As it is, however, Earl Beaconsfield has proved the right man for the occasion, and the highest honors which a grateful country can bestow await him at the termination of his labors at the Berlin Congress.

ANOTHER CONVERT.—And still they go, although according to the organs, "the great Reform party was never more united." The Hamburg Volksblatt, a journal which has from the beginning supported Gladstone, is out for the Reform party against the Government. The Berlin News says "there seems to be a terrible falling off just now in the number of German Grit papers."

THE STEEL RAIL.—The Mail says: "We have had a full run from Kingston to a small full of steel from Mr. Mackenzie's steel works, which have for so long found lodgment on the docks of the Mackenzie Co. The oxidation must be very serious, for some of the rails are in large flakes, and from a sixteen to an eighteen inch in thickness. Occasional demonstration of Mr. Mackenzie's admirable business habits and honesty of purpose."

THE COMEDIAN MATTERS.—Charles Mathews, the comedian, died at Manchester yesterday after a brief illness, in the seventy-fifth year of his age. In early life he was afflicted with an aneurism, but the ability he displayed in private theatricals induced him to turn his attention to the stage where he achieved a continuous series of triumphs until 1860, when he devoted himself to an "Art Home" entertainment after the well remembered style of the father. He returned to the stage in 1863 and after fulfilling numerous engagements at home, in 1870 started on a two years' tour round the world. In 1877 he once more appeared on the boards of the Gaiety Theatre, London. Many of the best known comedians of the modern stage are adaptations of Mr. Mathews. Of the characters in his repertoire the most remarkable is that of Sir Affix Hook in the "Game of Speculation." Mr. Mathews was twice married—in 1838 to the celebrated Miss Weston, who died in 1867; and in 1868, Mrs. Weston, who died in 1874, to Mrs. Dawson.

A newspaper which is not often caught capping, said concerning a man who had been passing through the streets of London that he was "shot twice in the lungs and in the barber shop."

True charity is not the charity of giving alms to the hungry and feeding the hungry; but the greater, more difficult and more elevated charity of judging charitably the impotent or provoked of others—a charity so seldom practiced.

An Unredeemed Pledge.

When in opposition the Premier said he determined to press political righteousness against the men who have held—may we say usurped—authority, by gross political degradation and chicanery. As a man prepared at any moment when any measure of Government shall come into power, when they are ready to depart from the principles which assumed in Opposition—to take any and every course known to him to bring about the ruin of Mr. Mackenzie and his organs to-day exposing the cause of the London, Cook, of North-Simons, and others of like stamp, instead of conforming to the Premier's promise to take grounds against "gross political degradation and chicanery."

BELLEVILLE, TUESDAY, JUNE 25.

City and Vicinity.

BOARD OF EDUCATION.—A special meeting

of the Board is to be held to-morrow

night.

THE BURN.—The 15th battalion had

will play on the hospital lot on Thursday

evening.

DOMINION DAY.—The Mayor has issued

his proclamation requesting the day be

observed as Dominion Day as a public holiday.

YOUNG BRITONS.—A special meeting of the

Young Britons is to be held in the

Orange Hall on Thursday evening at 8

o'clock.

THE MARKET SQUARE.—The market

square has been scraped, in anticipation of

the celebration, as the processions will form

there in the morning and evening.

EMIGRANTS.—Eleven ears of emigrants

passed west yesterday afternoon. 146 were

Norwegians and Germans, bound for the

Western States, and the remainder English

and Irish destined for Ontario.

COW BY-LAW.—The Council have at

length taken action to secure the enforcement

of the old Cow By-law, by the appointment

of Mr. Joseph Maiden to look after

the vagrant bovines, at a salary of \$800 per

year. No doubt Mr. Maiden will discharge his

duties efficiently, and secure the abatement

of the cow nuisance.

TRENTON RELATTA.—This regatta, which

is to take place to-morrow, promises to be

a success. The Kent Grey and Sloop

will probably fight their battle "er again,

with the End as a competitor, while the

number of entries in the third class race

is large and all are boats of known speed.

Doubtless there will be a large attendance.

LORETO SCHOOL.—The presentation of

prizes to the successful competitors amongst

the pupils in the school conducted by the

Ladies of Loreto took place this morning.

The Right Reverend Dr. O'Brien, Bishop

of Kingston, a number of the clergy and a

large gathering of the friends and relatives

of the pupils were present, and the occasion

proved of the most pleasant character.

INVITATIONS ACCEPTED.—We understand

that a number of Mayors and other heads

of municipalities who have been invited to

be present at the Dominion Day celebration

have signified their acceptance of the invitation,

and the probability is that a distinguished

company will be present from our sister

municipalities throughout the Province and

from the United States.

OTHER.—Grit Candidate amongst the

Farmers.—A leaflet on American grain is

perfectly absurd. It would not raise the

price of grain one cent. The argument is

simply used to hoodwink the farmers.

Some candidate in our towns and villages.—

The putting of a duty on American grain

would raise the price of all our grain and

would thus add to the cost of living to

every workman and mechanic in this country.

DEDICATION.—The Case of U. M. Church,

front of Sidney, is to be dedicated on

Thursday at 10:30 a.m., when the Rev. E.

B. Harvey, M. A., President of the Toronto

Conference, will be present. The Rev. John

Carroll, D. D., of Toronto, and other

ministers will take part in the service.

Dinner will be served at 1 o'clock p.m.

at St. Catharines, June 30th, the Rev. Dr. Carroll

will preach at 10:30 a.m. and 6:30 p.m.,

and at 2:30 p.m., the Rev. Mr. Collier will

officiate. Collections at each service will be

half of the building fund.

Education in South Hastings.

THE INSPECTOR'S REPORT.
To the Wardens and Members of the Corporation of the County of Hastings.

GENTLEMEN,—I have the honor to submit my 7th annual report on the Public Schools of South Hastings, including the incorporated Villages of Trenton and Mill Point.

The amount of money received from all sources for school purposes, amounted at the end of 1877 to \$36,919.58. Of this sum I received \$7,455.70; Thurlow, \$8,894.54; Trenton, \$8,135.25; Hungerford, \$7,077.71; Trenton Public School, \$2,681.83; Trenton Separate School, \$1,149.10; Mill Point, \$1,625.11.

Sidney paid to teachers, \$3,310.36; Thurlow, \$8,722.22; Trenton, \$8,007.00; Public Schools, Trenton, \$7,570.00; Mill Point, \$1,084.00; and at the end of the year \$25,205.00. The whole amount expended by the Corporation amounted to \$21,416.63. Of this amount Sidney expended for school purposes \$6,177.70; Thurlow, \$7,023.45; Trenton, \$7,140.89; Trenton Public School, \$1,200.82; (Separate School) \$1,200.82.

The value of school property in South Hastings is \$89,100, and this amount is distributed as follows: Thurlow, \$47,720.00; \$24,000.00; Trenton, \$22,100.00; Hungerford, \$12,300.00; Trenton, \$7,000.00; Mill Point, \$5,200.00.

The highest salary paid male teachers in the County is \$500.00; female, \$400.00. The lowest salary paid male teachers is \$250.00; female, \$200.00.

The average time the schools of Sidney were kept open, including legal holidays and vacations, was 12 months; of Trenton 12 months; of Thurlow 11 months; of Hungerford 11 months; of Trenton Public School 11 months; of Trenton Separate School 11 months.

The number of children entered on the registers during the year between the ages of 5 and 16 years in Sidney, 172; in Thurlow, 182; in Trenton, 181; in Hungerford, 181; in Trenton Public School, 181; in Trenton Separate School, 181; in Mill Point, 321; making in all, 6,007.

In this number, 627 attended less than 20 days; 132 between 20 and 40 days; 132 between 40 and 60 days; 132 between 60 and 80 days; 132 between 80 and 100 days; 132 between 100 and 120 days; 132 between 120 and 140 days;
